

In Merida Rush Soccer Club, we are very proud of each and every one of our players, but this time we feel a special appreciation for the achievements that some of them are getting through Soccer.

This is the case of our Goalkeeper, Yamil Montenegro, of the BU15 who in recent weeks was selected along with other players in the State of Yucatan to participate in a tryout with the Club de Futbol Rayados de Monterrey. We believe in the natural ability of Yamil, but we believe that the passion and love he has for the sport of soccer will make this, a fruitful experience, for his soccer and personal development. We believe that this opportunity is one of many that he will have in life. His dedication and desire will take him far and we are looking forward to seeing him play at a professional level in Mexico very soon.

In Mexico, especially in Merida–Yucatan, there is a lot of young talent. In Merida Rush, we will continue working hard day in and day out to help our kids to achieve their dreams.
